

A diagram of a bee in flight, viewed from above. The bee's body is at the center, with two wings extending outwards. The left wing is labeled with length l and the right wing with radius r . The angle between the wings is labeled θ . A curved arrow indicates the direction of rotation.

Left Muscles

Muscle	Proportion
b1	0.0
b2	0.0
b3	0.0
i1	0.0
i2	0.0
iii1	0.0
iii3	0.0
hg1	0.0
hg2	0.0
hg3	0.0
hg4	0.0

Group	Proportion of 'Yes' Responses
No	0.8
Yes	0.2

A horizontal bar chart with two bars. The x-axis is labeled from 0.0 to 1.0 in increments of 0.2. Both bars extend to the 1.0 mark.
